

A LIVE Event Proposal from The Scripture Lady

Pricing Breakdown for a Weekend of Ministry Event

2 Workshops _____ \$400

A Scripture Lady Musical Bible Program
on Sunday Morning (or desired day) _____ \$300 for 1st program
_____ \$150 for each additional
service

Average Plane Fare _____ (\$0 - \$400)

(The plane fare can vary greatly. Also, if I am able to secure two or more events within the same area, then this price can be split between the hosting churches.)

Average Hotel Fare _____ (\$0 - \$400 for 2 nights)

(The hotel / accommodations can vary greatly. I am happy to stay in the home of a church member to decrease this amount.)

Transportation (ie. cabs) _____ (\$0 - \$150)

(Transportation needs can vary greatly. You may want to transport me yourself or provide for cab fares or a rental car.)

Props and Materials for Saturday and Sunday _____ (\$150)

(One of my foundational principles for children's ministry is to provide the lay teacher with LOTS of great visuals. Therefore, it is very important that I showcase many examples for your teachers to be inspired by. I will send a box of props that I will be using in my workshops and Sunday morning presentations.)

An average cost of a Scripture Lady Event is \$1500 based on an attendance of 50 people who have each paid \$30. Read page 2 to learn how to offset / cover this cost.

A LIVE Event Proposal from The Scripture Lady

To help pay for this event and to give as many children's workers in your area the chance to participate, I suggest you promote your event and invite as many people as you can to this fun and inspirational time of ministry.

Here is the suggested pricing per person:

\$35 per person - \$5 will go to your church and \$30 will go towards the payment to Kathy Vincent, The Scripture Lady.

This cost will include:

- a small continental breakfast
- The Scripture Lady's 2 downloadable products as gifts:
"75 Bible Verse Songs" AND "10 Bible Review Games"
- Detailed notes of all that is shared during the workshops

Here is an example of pricing to show the number of people who would need to attend to help offset / cover the cost:

Scenario 1: 60 people x \$35.00 = \$2100.00

If the cost for your event is only \$1500.00, then you have paid for the event. You would keep \$300 for costs and the remaining amount of \$300 would go to Kathy Vincent, The Scripture Lady.

Scenario 2: 40 people x \$35.00 = \$1400.00

If the cost for your event is \$1500.00, then you would keep \$200 for costs and you would be required to pay the remaining amount of \$300 to Kathy Vincent, The Scripture Lady.
