  - \* plus a whole lot more!

So, go online today at [www.scripturelady.com](http://www.scripturelady.com) to find Scripture Filled Resources and Products that will help get the Kids YOU minister to EXCITED about the Bible.

# A Scripture Lady Bible Review Game

## Hidden Treasure!

Thank you for downloading a "Scripture Lady Bible Review Game"! Here is your FREE game of "Hidden Treasure". Just follow the directions below and have FUN!

Do you remember the game called "Battleship"? I loved that game! I liked figuring out where "A-5" was on my board and seeing whether or not I made a "hit". Well, here is a game/memory verse activity you can play with your kids that will get them excited about finding God's hidden treasures instead of battleships. This game uses cards that remind the children of 3 different objects that the Word of God is compared to: a flame, a lamp and a sword.

### Here's what you need:

1. A copy of all the playing cards that can be found on the pages below. There are a total of 60 cards on a total of 9 pages with one more page that gives the chart of the number of flame, lamp and sword cards to be found along with their point values. Cut them out along the lines and apply the treasure chest backings to all the cards except for the number and letter cards **and** don't forget to laminate them for long-term use. You will not cut out the cards on the chart. Just leave it as is and laminate it and have it close by as a reminder of how many flames, lamps and swords are hidden.

2. I also suggest you use a pocket chart to play this game, but a large table or floor area will do. If you don't know by now, I love pocket charts. You can get them at your local teacher supply store or online at [www.orientaltrading.com](http://www.orientaltrading.com).

3. Set up your pocket chart or playing area by placing the 5 letter cards along the top of the chart and the 5 number cards going down along the left side. Line up the rest of the cards, treasure chest side out, in columns and rows as in the picture below. Strategically place the flames, lamps and swords in different areas of the board. Connect the 2 flame cards together, the 3 lamp cards together and the 4 sword cards together going horizontally or vertically. The "X" cards go everywhere the others are not.

### Here's how to play:

Divide the class into 2 teams. Tell the children that they will be hunting for hidden treasure. The Word of God may be the greatest treasure a Christian

Directions continued on next page.

possesses. The Bible says that the Word of God is like a devouring flame, a lamp to our feet and a light unto our path and it's the sword of the Spirit! Show the class the "Hidden Treasure Chart" and tell them that somewhere on the board are 2 flame cards connected together, 3 lamp cards connected together and 4 sword cards connected together. They might be placed horizontally or vertically. Each card is worth a certain amount of points. So, once a flame, lamp or sword card is found the kids should try and pick a coordinate that is next to the last card chosen in hopes of finding all of the matching cards.

Give a child from each team the chance to say the memory verse you have been working on. If he says it correctly, he gets to pick a coordinate on the board such as B - 4. The teacher will turn the chosen card over. If it is an "X" card, that team does not receive any points. If it is a flame card, the child earns 30 points for their team. A lamp card earns 40 points for the team and a sword card earns 50 points for the team. A new child from the next team is up and tries to pick a good coordinate after saying the memory verse. Have the game go for as long as you like. The team with the most points, wins.

#### Variation:

You might want to make more copies of the the sword, flame and lamp cards so that the children might make more successful choices.
